

THE  
SCOTTISH  
FINE SOAPS  
COMPANY  
— EST. 1974 —

TRADE BROCHURE 2024

Since our origins in 1974, Scottish Fine Soaps has built an international reputation for fine quality products, sophisticated fragrances and beautiful gift ideas. We are sold around the world in over 20 countries and are proud to remain a Scottish, family-owned business that creates all of our products on-site at our facility near the Ochil Hills in Stirlingshire.

Our 2024 collection has evolved by reflecting customers wishes on environmental concerns while maintaining our premium quality. With this in mind we have continued to move towards more sustainable packs such as fully recyclable cartons and paper wraps for our whisky soaps and shampoo bars .

We have introduced our Thistle & Black Pepper Complete Beard Care Kit in fully recyclable gift packaging, avoiding the use of plastic inserts and

have added a 1.2 litre refill pouch as a less plastic option for our Sea Kelp Hand Wash.

Our popular Aromatherapy collection now has its own gift pack of four mood enhancing body washes to help with the day-to-day. We have also introduced smaller pack formats in our Thistle & Black Pepper collection including a pocket sized 100ml Hand Cream and a new 50ml EDT to complement our best selling 100ml fragrance.

We know times are challenging for many people and are grateful to our customers for choosing us. We look forward to what 2024 brings.

Robert Ross, Managing Director

# THE COLLECTION

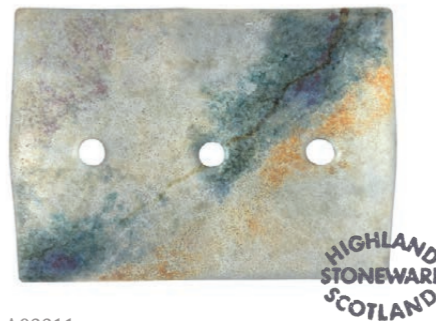

### Natural | Citrus | Herbal

The Coriander & Lime Leaf collection is formulated using 100% naturally derived ingredients and fragranced with a blend of 12 essential oils to uplift and invigorate the senses.

✓ A03300  
**SOAP**  
100g

Naturally fragranced with a blend of purposefully uplifting herbal essential oils, this triple-milled Soap is made from rapeseed, coconut & sunflower oil and if that's not enough, we've managed to pack in shea butter and omega-rich camelina oil to give that extra hydration boost.

HIGHLAND  
STONEWARE  
SCOTLAND

A03311  
**SOAP DISH**  
122 x 93 x 20mm (approx)

In collaboration with Highland Stoneware we present this bespoke soap dish for the Scottish Fine Naturals range. Each dish is hand-made in Scotland with every piece unique. Fits our 100g and 220g Soaps from across our ranges.

✓ A03307  
**HAND CREAM**  
30ml

Hand Cream, but made in a handy size, perfect to take on the go. Don't forget it is packed with the same 10% shea butter, locally-farmed rapeseed oil and 100% essential oil fragrance as our 75ml Hand Cream.

✔ A03301  
**BODY WASH**  
300ml

Shower in peace knowing that we've got your skin covered head to toe in aloe vera, oat extract and lactic acid to help soothe, hydrate and regenerate tired skin. As an added bonus, it's plant based and biodegradable.

✔ A03302  
**HAND & BODY LOTION**  
300ml

Skin needs balance, and we've got it in spades with our naturally derived Hand & Body Lotion which includes UK-sourced flax seed oil, cocoa butter, allantoin and vitamin B5. It nourishes your hands and body and is fast-absorbed to ensure quick moisturisation and eliminates any dryness.

✔ A03304  
**HAND WASH**  
300ml

Vitamin B5, allantoin and oat extract work hard to protect skin in our plant-based Hand Wash, so it's kind to your hands and helps hydrate. As an added bonus, it's naturally derived and biodegradable too.

✔ A03305  
**HAND WASH REFILL**  
600ml

Not all good things have to come to an end thanks to our Hand Wash Refill, packed with the same hydrating extracts as our Hand Wash to keep your hands feeling hydrated and protected. Will refill our 300ml bottle twice.

✓ A03306

## HAND CREAM

75ml

Thanks to 10% shea butter, natural almond oil, olive oil and added cocoa butter, this enticingly scented naturally derived Hand Cream will keep you coming back for more essential oil goodness time and time again.

✓ A03308

## BATH SALTS

600g

Give yourself a full body reset with our 100% essential oil fragranced bath salts. Made with mineral rich Himalyan salt, to help your mind feel soothed while your body gets that all-important replenishment.

CARING FOR YOU  
AND FOR NATURE

Vegan friendly, biodegradable and with recyclable packaging, this is a range that is truly inspired by nature and created with nature in mind too.

✓ A03303

## BODY CREAM

200ml

We make the most of everything we can with this naturally derived, richly moisturising body cream. It is infused with vitamin rich avocado oil from damaged avocados not suitable for retail and UK-sourced flax seed oil to help give your skin a boost.

✓ A03310

## LUXURY GIFT DUO

This Coriander & Lime Leaf Luxury Gift Duo is made with 100% naturally derived formulations. It's scented with a rich essential oil blend of citrus with earthy and woody notes. The set contains a 300ml Body Wash and 300ml Hand & Body Lotion.

100% essential oil based fragrance with citrus, earthy and woody notes containing basil, coriander, rosemary, lavender, orange, mandarin, lemon, lime, galbanum, cedarwood, clove and patchouli.

## GLOSSARY

The Scottish Fine Soaps Company ethos is to ensure that all ingredients chosen are of the highest quality, are as naturally derived as possible and that all our products are made in the UK and that they are cruelty free.

We regularly review our formulations and ensure that customer safety and efficacy are fully met and we are continually improving our formulations to ensure they are as sustainable and kind to the environment as possible.

We know there are a lot of questions nowadays around ingredients and their sourcing, effects on the body or if they are natural or synthetic. We endeavour to try and offer products that can help customers make informed decisions by being transparent about the specially selected ingredients we use in our products. We offer sulfate free products, 100% naturally derived products, palm free soaps, sustainably

sourced palm based soaps, MIT free products and many other “free from” formulations such as parabens (all our products are paraben free!), mineral oil, phlates or formaldehyde. Most of these a customer will be able tell if they are contained in the product from the ingredient list on the packaging. Choice is what is important to us.

Another significant consideration for us is that our products are vegan friendly, unless there is a unique beauty benefit to be had, as found in Au Lait with organic milk powder and acacia honey in Honey B. Our vegan friendly symbol, as seen below, will provide an easy guide to what products are suitable for vegans.

Over the page you will find a list of our “active ingredients” and the benefits they have for your body and mind.

 Vegan friendly product

ACTIVE INGREDIENTS	PROPERTIES AND BENEFITS
<b>Acacia Honey</b>	Its moisturising and antibacterial properties help promote glowing, healthy skin.
<b>Allantoin</b>	Gentle and non-irritating moisturiser and increases skin smoothness. Helps with skin healing and keeps your skin moisturised by preventing moisture loss. Can also act as an exfoliant by helping to shed dead skin cells.
<b>Aloe Vera</b>	Its soothing properties helps skin heal and reduces inflammation.
<b>Avocado Oil</b>	Avocado Oil originates from South Africa where they utilise the damaged Avocados (that are not fit for sale as a fruit). This high vitamin enriched oil is delicately cold pressed from the flesh of the Avocado pear. An excellent emollient.
<b>Bergamot Essential Oil</b>	Commonly used in aromatherapy to elevate mood and alleviate stress.
<b>Camelina Oil</b>	Is a rich source of alpha-linolenic acid, an omega-3 fatty acid. One of the most important benefits of essential fatty acids are their powerful anti-inflammatory effects on the skin. Omega-3 and Omega-6 are essential for the appearance of healthy skin as well as proper skin function. UK sourced.
<b>Cardamom Essential Oil</b>	This invigorating scent encourages clarity and concentration.
<b>Cedarwood Essential Oil</b>	The benefits of cedarwood essential oil are to encourage strength, focus, balance and fortitude. Instils you with persistence and confidence to go about your day.

ACTIVE INGREDIENTS	PROPERTIES AND BENEFITS
<b>Chamomile</b>	Chamomile's soothing properties help relax, calm and soothe. Often used in products to promote sleep and stress.
<b>Clary Sage Essential Oil</b>	Can help alleviate stress by inducing a sense of well-being, calms the mind and feelings of anxiety. Is a natural antidepressant.
<b>Cocoa Butter</b>	This naturally rich emollient, high in fatty acids, hydrates and nourishes skin.
<b>Coconut Oil</b>	Quickly absorbs into skin leaving it feeling hydrated and enriched. Has an abundance of antioxidants that are ideal for nourishing dry skin. Soothing topical barrier without clogging pores.
<b>Coriander Essential Oil</b>	It can have a calming and lifting effect on the mood as well as increase energy and motivation. An invigorating, stimulating oil, it is often noted for its use in assisting with aches and pains of tired muscles when used topically.
<b>Cucumber Extract</b>	A superfood for skin, cucumber extract contains a large amount of Vitamin C and minerals that help moisturise and soothe skin.
<b>Dead Sea Salts</b>	Mineral rich salts extracted from the Dead Sea. Rich in magnesium, potassium and calcium, they are used to help increase skin hydration, improve the skin barrier function and soothe irritated skin.
<b>Epsom Salts</b>	Relieves pains and muscle cramps. Eases stress and relaxes the body.

ACTIVE INGREDIENTS	PROPERTIES AND BENEFITS
<b>Eucalyptus Essential Oil</b>	Known for its cleansing and immune boosting properties, it also gives a soothing, cooling effect on the skin.
<b>Fennel Essential Oil</b>	Fennel oil works as a tonic by toning all the systems that function in the body, such as the respiratory, digestive, nervous and excretory systems, while also facilitating the absorption of nutrients in the body, thereby increasing strength and boosting immunity.
<b>Flax Seed Oil</b>	Flaxseeds are full of omega 3 fatty acids that helps in giving you glowing skin. It helps soothe dry skin, skin irritation, redness and inflammation. UK sourced.
<b>Fucus Vesiculosus Extract</b>	Also known as Bladderwrack, a seaweed that is locally, sustainably and naturally sourced from our Scottish shores is rich in minerals: calcium, iodine, iron, magnesium, potassium, sodium, sulfur and silicon. It also contains high levels of carotene, selenium, zinc, and antioxidants including vitamins A, C, and E. It is known to be an anti-oxidant and has great benefits for your hair and skin.
<b>Ginger Essential Oil</b>	Purifying, a powerful antiseptic and cleansing agent, Ginger Essential Oil helps to detoxify the skin, leaving it room to breathe again. It is regenerative, containing over 40 antioxidant properties, it works to protect skin against free radicals and can also be used for aromatherapy, as many people refer to it as the "oil of empowerment".
<b>Green Clay</b>	Purifying and detoxifying this 100% natural mineral product from France will help even out skin tone and remove impurities from skin.

ACTIVE INGREDIENTS	PROPERTIES AND BENEFITS
<b>Hemp Oil</b>	Helps calm inflammation and irritation on the skin while keeping skin moisturised and nourished. Can prevent dry skin without clogging pores. Natural source of vitamin E.
<b>Himalayan Pink Rock Salt</b>	Rich in calcium, sodium, potassium and contains around 80 trace minerals which can provide many therapeutic benefits to the skin, body and mind. The pink colour comes from the iron content unique to the area.
<b>Hyaluronic Acid</b>	Hyaluronic acid is classed as a humectant as it's incredibly hydrating and can hold 1,000 times its own weight in water. This means that it draws water into the skin like a sponge, plumping and restoring firmness. Powerful moisture binding ingredient. Creates hydrated, healthy looking skin and speeds up wound healing.
<b>Inulin</b>	Naturally occurring in roots of certain plants such as chicory. Excellent moisturiser for skin and hair. Smooths hair and acts as a natural conditioner.
<b>Jjoba Esters</b>	Similar to the oils the skin naturally produces, therefore they can act as a natural moisturiser which is softening for the skin. Which helps with slip and glide while shaving.
<b>Jjoba Oil</b>	A rich source of fatty acids. Its anti-inflammatory and healing properties help relieve dryness and flaking skin. A natural source of vitamin E, it fights oxidative stress caused by everyday exposure to pollutants.
<b>Lactic Acid</b>	A member of the Alpha-hydroxy acid family, lactic acid helps improve skin's overall texture by its exfoliating and moisturising effects and also by helping to promote collagen growth.

ACTIVE INGREDIENTS	PROPERTIES AND BENEFITS
<b>Laminaria Digitata Extract</b>	Also known as Kombu Kelp, a kelp that is locally, sustainably and naturally sourced from our Scottish shores, it is rich in the vitamins A, C, D, E, B, including B12, with a detected 60+ trace minerals. It has been proven to have anti-inflammatory properties and boost collagen production for a firming effect and also helps with skin cell renewal.
<b>Lavender Essential Oil</b>	Can help relax the mind, body and improve overall sleep. Its soothing and calming effects on the nervous system can help alleviate stress, anxiety, depression and fatigue.
<b>Lemon Essential Oil</b>	Lemon is rich in anti-inflammatory and antibacterial compounds. It is also astringent and has detoxifying properties that make it helpful in reducing excess oil and also in removing dead skin cells.
<b>Lemongrass Essential Oil</b>	This fresh and revitalising essential oil is highly moisturising and has natural antiviral and antibacterial properties.
<b>Magnesium Chloride</b>	Magnesium is an essential mineral for the 100's of biochemical reactions in the body and is also known as an important chemical in helping to reduce skin breakouts, allergies and collagen function. Magnesium can be absorbed through the skin.
<b>Magnesium PCA</b>	Can help skin cells to regain their optimal energy level. Magnesium is a trace element which is essential for cell metabolism; it acts as an anti-stress and anti-fatigue agent in the body.
<b>Milk Thistle Extract</b>	Milk thistle extract is a herb that has antioxidant and anti-inflammatory properties. Like vitamin E, it fights free radicals and can delay the signs of ageing.

ACTIVE INGREDIENTS	PROPERTIES AND BENEFITS
<b>Menthol Crystals</b>	Cooling effect. Helps to minimise irritation.
<b>Neroli Essential Oil</b>	Calming and relaxing. Uplifts mood and emotions. Helps to nourish and replenish skin.
<b>Oat Extract</b>	Organically grown oats which are nutrient rich, including B vitamins and minerals, helping soothe irritated skin. UK sourced.
<b>Oat Protein and Milk</b>	Oat protein found in oat milk is softening and soothing for the skin and has anti-inflammatory benefits.
<b>Olive Oil</b>	Natural antioxidant and hydrating.
<b>Panthenol (Vitamin B5)</b>	Extremely moisturising as it improves moisture retention in the skin as it helps retain moisture deep within the tissue.
<b>Peppermint Essential Oil</b>	A natural cleanser with antibacterial and antiseptic properties. Peppermint oil contains menthol and is therefore used for its cooling effects.
<b>Pumice</b>	Superfine pumice is an excellent exfoliator on areas of hard skin such as feet and elbows.
<b>Rapeseed Oil</b>	Farmed and cold pressed locally, our rapeseed oil is used as an effective skin conditioner by providing a long lasting protective barrier. It also helps to transport the active heather extract and increase its absorption through the skin.

ACTIVE INGREDIENTS	PROPERTIES AND BENEFITS
<b>Rosehip Extract</b>	Full of vitamins, antioxidants and essential fatty acids. Rosehip moisturises, brightens and helps improve skin collagen levels.
<b>Rosemary Essential Oil</b>	Breathing rosemary oil may help you focus and remember information better. It also has natural antibacterial properties.
<b>Safflower Oil</b>	Rich in Vitamin E it keeps skin moisturised. It can be considered as the best oil around for hair and beard growth, as it is not only easily absorbed by the hair which helps in retaining moisture, but it also prevents protein loss that damages hair and eventually leads to hair loss.
<b>Sea Buckthorn Oil</b>	Fruit contains an exceptional concentration of natural anti-ageing vitamin C. Contains about 60 major and minor antioxidants which fight free radical damage and supports skin elasticity.
<b>Shea Butter</b>	Shea butter has renowned skin soothing and replenishing properties. Moisturising and protecting, shea butter aids in the skin's natural collagen production to help create smooth skin.
<b>Sodium PCA</b>	Naturally derived conditioning agent, has an ability to bind moisture to cells so can deliver moisture to the hair.
<b>Soya Oil</b>	High in vitamin E which makes it an effective moisturiser. Skin firming.
<b>Sunflower Oil</b>	A great source of vitamin E, sunflower oil has antioxidant and emollient properties that help the skin retain its moisture.

ACTIVE INGREDIENTS	PROPERTIES AND BENEFITS
<b>Sweet Almond Oil</b>	Pure and gentle yet rich in fatty acids that are easily absorbed by the skin to protect against dehydration and softening skin, leaving it velvety smooth. Rich in vitamin E and fatty acids.
<b>Tea Tree</b>	Tea Tree is easily absorbed and quickly penetrates the skin. It is also known to accelerate the healing of skin irritations.
<b>Vetiver Essential Oil</b>	Vetiver is a natural antioxidant which helps condition and nourish skin, in aromatherapy it is good for anxiety, helps with mental fatigue and increases alertness.
<b>Vitamin E</b>	Good for anxiety and helps with mental fatigue and helps increase alertness.
<b>Walnut Shell Powder</b>	Walnut shell is ground to fine particles. The hardness makes them a highly effective natural exfoliant to reveal soft, smooth healthy skin. Many of the best, most sustainable and biodegradable exfoliants are the by-products of farming such as ground walnut shell.
<b>Ylang Ylang Essential Oil</b>	Relaxes the body driving away anxiety and sadness. Induces feelings of joy and hope. Helps to regulate sebum production. Helps sedate and calm nervous afflictions, stress, anger and anxiety.
